

# NOAH AND THE ARK

## STEM ACTIVITY

# WHAT YOU NEED

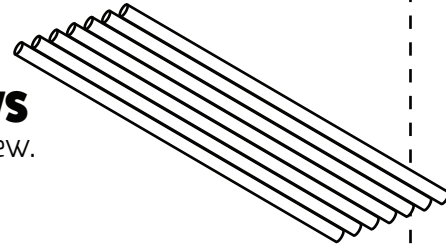

## FOOD COLORING

In various colors.

## DRINKING STRAWS

We recommend using a few.

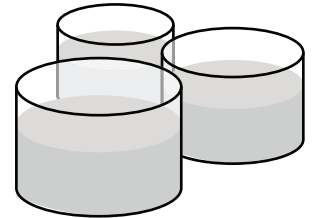

## TOWELS

Keep towels handy in case a spill occurs.

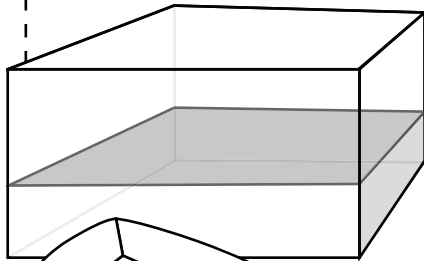

## SEVERAL SMALL CUPS

Each containing water.

## SMALL BOWL OR CONTAINER

To be filled with oil; it does not have to be full.

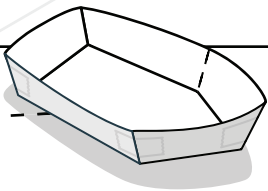

## PAPER BOAT

See the next page.

## BABY OIL

Or similar.

# DIRECTIONS

## STEP 1

Fill a small bowl or container with oil. Then fill several small cups with water. Add food coloring to the water to make several different colors.

## STEP 2

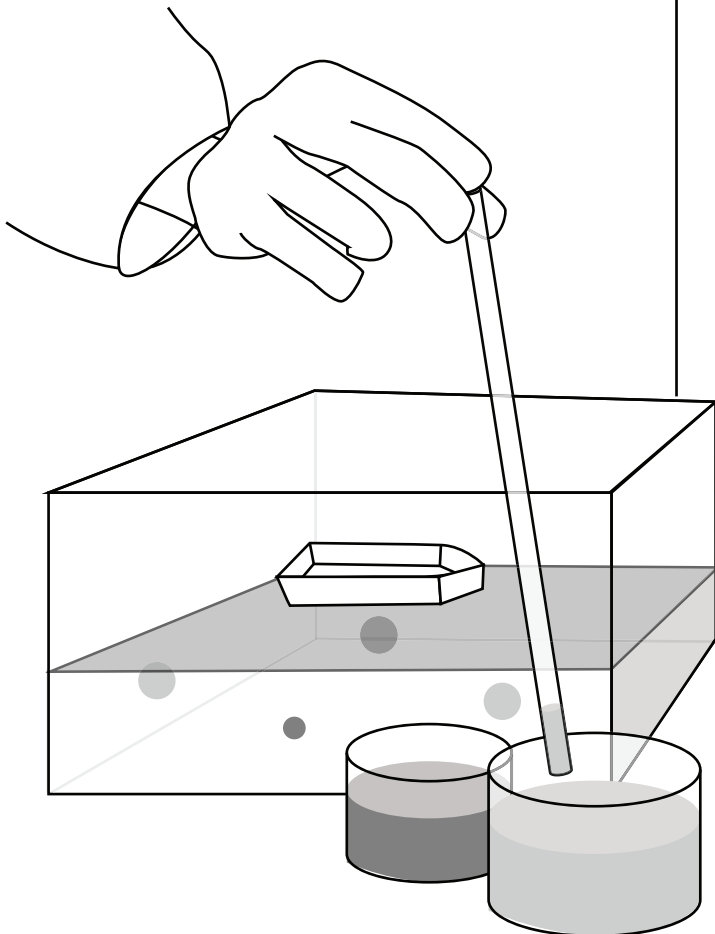

Make the paper boat. Then set it on top of the oil in the small container.

## STEP 3

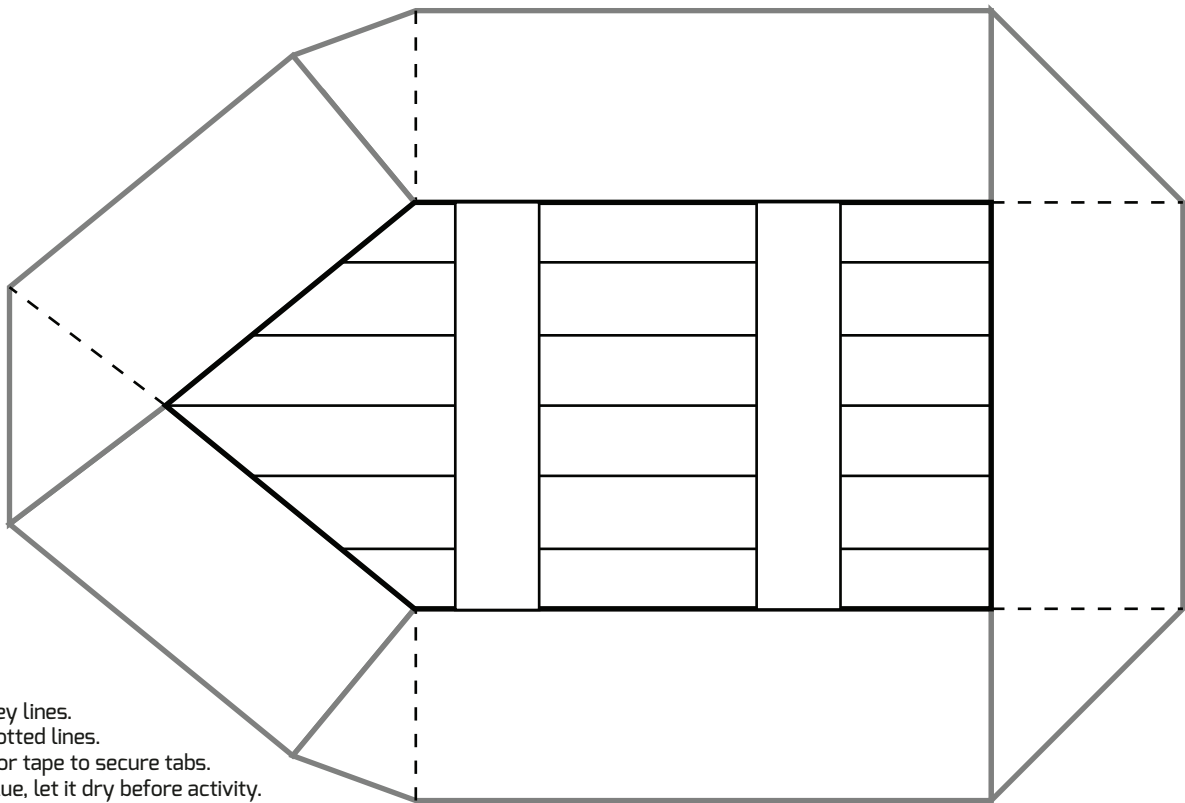

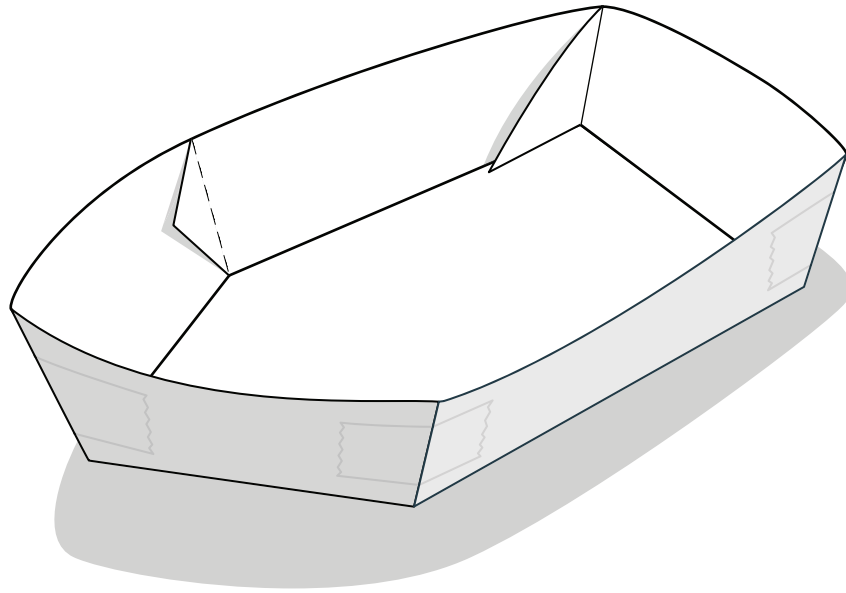

Use a straw to pick up some of the colored water. To pick up the water using the straw, dip the end of the straw in the water, then place your index finger over the top of the straw. Lift the straw out of the water while maintaining your index finger's position.

## STEP 4

Stick the straw containing water into the oil, then lift your index finger to release the water into the oil. Repeat with the different colors of water.

# MAKE A PAPER BOAT

Cut on grey lines.  
Fold on dotted lines.  
Use glue or tape to secure tabs.  
If using glue, let it dry before activity.
