

SOLOMON'S TEMPLE

STEM ACTIVITY

WHAT YOU NEED

CUPS

Cups will be used for stacking.

RUBBER BAND

Use bands big enough to fit around the cup.

ROPE OR TWINE

Do not use thread as it may snap during this activity.

DIRECTIONS

STEP 1

Tie four pieces of rope to the rubber band.

STEP 2

Four students each grab one piece of the rope, and one student helps guide the others.

STEP 3

No hands allowed: The four students use the rope and rubber bands to pick up the cups and stack them up. See how high the team can stack the cups.
