

RAHAB AND THE WALLS OF JERICO

STEM ACTIVITY

WHAT YOU NEED

2 CUPS

Paper or plastic.

PUSH PIN

Used to poke a hole in the bottom of the cup.

SAFETY SCISSORS

... or ask an adult for help with regular scissors.

STRING

... in which you can tie a knot.

2 CRAFT BEADS

This is optional but will help.

DIRECTIONS

STEP 1

Poke a hole in the center of the bottom of each cup.

STEP 2

Cut a piece of string that is about 5 feet long. Then feed one end through one of the holes you made in one of the cups. Tie the string around the bead so it won't leave the cup. (If you don't have beads, then you can tie a knot in the string.)

STEP 3

Repeat step two with the other end of the string and the other cup. *See example.*

STEP 4

While standing far enough to make the string tight, talk through one cup and have a friend listen to the other. Then switch! Cool huh?
