

ITS ALL THERE

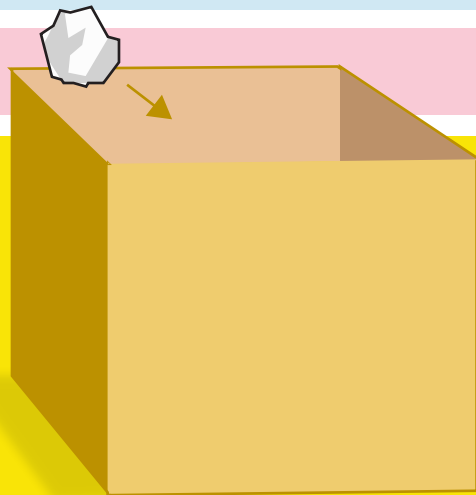

Build a cup tower.

One at a time, players take a cup and walk to the second line to build a tower like this one on the floor.

Throw paper wads in the box

Place a box behind the second line. One at a time, players must stand behind the mark and throw a paper wad into the box. If you miss, toss it where the paper lands.

Roll the marble

Place the pillow case behind the second line. One at a time, players will roll a marble onto the pillow case. Keep rolling from where the marble lands until you do!
