## "The Solution"

I understand for the best execution  
It is best to have a friend assist in the solution!  
Five different drums in rhythm on one beat?  
It's time to put our heads together and both feet!  
Two people are better than one, lonely  
We have to work together  
Together we help each other succeed  
We have to work together  
When I work all night or play half a day  
We have to work together  
It takes a whole lot of aid to make a parade  
We have to work together  
And 2, and 3, and 5  
We have to work together  
Every little bee in the tribe making a hive  
We have to work together (Repeat)  
Well, pardon my language, we should work as a team  
We should reach for the stars  
Salmon swimming up stream  
Good thinking, we should work together!  
We should work together  
We have to work together!  
The solution is clear  
Working together with all of my peers (Repeat)  
We have to work together  
Team work makes the dream work;  
Oh, Oh, Oh, Oh! (Repeat)
